EDUCATION

Madhav Institute of Technology and Science, Gwalior, MP
B.Tech in Electronics Engineering; CGPA: 7.2

2023 – 2027

Balak Mandir High School, Gwalior, M.P
Class XII (MP Board); 68.8%

2022 – 2023

Delhi Public School, Gwalior, M. P
Class X (CBSE); 83%

2020 – 2021

SKILLS SUMMARY

TECHNICAL SKILLS

Languages: Python, SQL

Core Concepts: Data Structures and Algorithms, Object Oriented Programming (OOP'S)

Machine Learning: Fundamentals of Supervised Learning, Linear Regression, Classifications, Model Training and Model Evaluation

Libraries: NumPy, Pandas, Matplotlib, Scikit-Learn, Streamlit (UI/UX)

Version Control: Git, GitHub

Tools: PowerPoint, MySQL, VS Code, Jupyter Notebook, Cursor IDE, AntiGravity IDE

Other: Operating System, Computer Networks, Software Engineering

SOFT SKILLS

Excellent Communication, Leadership, Teamwork, Critical Thinking

PROJECTS

Software Projects:

- AI Mock Interviewer | Python, Groq API, Speech Recognition, Streamlit**
 - Build an AI-driven interview simulator that generates questions from resumes and records voice responses.
 - Implemented answer evaluation with scoring and feedback using AI models.
 - Designed a multi-step interview interface with persistent state and navigation controls.
 - Uploaded and maintained the project on GitHub. [AI Mock Interviewer](#)
- Student Marks Predictor | Linear Regression | Python | Scikit-learn | Pandas | Matplotlib | Streamlit**
 - Built a regression model to predict student exam scores using study hours, sleep, and attendance data.
 - Evaluated model accuracy using MAE, MSE, RMSE, and R² metrics.
 - Visualized data distribution and regression performance using Matplotlib charts.
 - Developed an interactive prediction interface.
 - Uploaded and maintained the project on GitHub. [Student Marks Predictor](#)

INTERNSHIPS

SUMMER INTERNSHIP PROGRAM

December 2024

- Completed a Summer Internship Program focused on data analysis and visualization using Power BI.
- Created interactive dashboards in Power BI to visualize datasets.
- Performed data cleaning and transformation before visualization.
- Generated insights using charts, filters, and reports to support data analysis.

ACHIEVEMENTS

- Earned **Intermediate SQL Badge** on HackerRank demonstrating proficiency in SQL queries, joins, and data manipulation.
- Finalist** among 400+ registered teams at **Frontend Battle 2K26** at MITS Gwalior organized by **IEEE Computer Society Student Branch Chapter**, MITS DU Gwalior
- Completed a **Generative AI Masterclass** focused on prompt engineering, AI tools, and practical applications of generative AI in software development.
